Web Hosting

Reliability, speed and security are two of the main factors to consider when looking for a solid host for your website. Here at Sound Networks we supply a reliable, fast and secure hosting platform for our customer websites - either via shared or dedicated servers. Whatever your hosting requirements, we are happy to help.

If you are looking for reliable hosting for your website then we have a great solution for you. We will host your website in a secure environment and can even supply your email or secure email services. We have a multitude of tools available from promotion to SSL certificates and we are always just a phone call away if any problem arises. First class web and email hosting service from only **£8.50** per month.

- Powerful and reliable packages
- Custom VPS systems available
- DNS Management
- One click CMS solutions such as Wordpress & Joomla
- Fantastic support if things go wrong
